

CAL NORTHERN SCHOOL OF LAW ATTRITION RATES

Attrition rates are used in higher education to measure the extent to which a program's student body fails to re-enroll in a program. In the Fall of 2019, 46 students enrolled. In the spring of 2020, there were 50 students enrolled. Some students re-enrolled after taking leaves of absence.

Student Starting Cohort	Year	Overall Cohort Total	Retained	Not Retained	Attrition Rate
	1L	18	11	7	39%
	2L	12	10	0	0%
	3L	12	11	1	8%
	4L	3	3	0	18%
Overall Total		45	39	8	18%

Retention by Race/Ethnicity

Race/Ethnicity	Fall 2018	Fall 2019	Fall 2020	3 Year Average
Hispanic	11%	17%	16%	15%
African American	5%	4%	4%	4%
White	71%	63%	62%	65%
Asian	0%	13%	12%	8%
Other	0%	3%	4%	2%

***Other** includes students identifying as, American Indian or Alaska Native, Native Hawaiian or Other Pacific Islander.*

We track retention as a percentage of the student population to see diversity over time. We do not report data on separate racial classifications because of our small student population.

Retention by Race/Ethnicity

Gender	Fall 2020 1L (N=16)	Fall Total Enrollment (N=50)	Spring 2021 Total Enrollment (N=48)
Male	25%	32%	33%

Female	75%	68%	67%
--------	-----	-----	-----

N = The number of students enrolled in the starting cohort. For example, of the 16 1L students enrolled in Fall 2020, 88% were retained at the end of the 1st year and, of those retained, 29% were male and 71% were female.
