*A metric by which to evaluate CNSL's bar pass rate record is the Committee of Bar Examiners (CBE) Cumulative Minimum Bar Examination Pass Rate (MPR), Guideline 12.1, which requires CBE-accredited law schools to maintain a cumulative bar pass rate 40% over a five-year period for bar takers who graduate within a specified time frame.

As reported in the July 2020 MPR for California Accredited Law Schools (CALs) posted on the State Bar's website, Cal Northern's MPR of 71.1% is the highest of the CALs.
